“Veenom”

„Hope it from the top, to the very last drop!“

Veenom starts as artistic director jr by the age of 21. In 2001, he meets the founders of the parisian collective „9eme Concept“ and he joins the team. Back then, supported by the group, he looks for his own pictural style and develops his skills through artworks or collaborations. Illustrations, advertising, exhibitions, he hates to do the same thing twice but he loves to eat pringles!

His „naïf“ universe explores erotic dreams and B-movies' nightmares. He finds inspiration into sexy pinup's from the 50's, underground comics from the 60's, cartoon characters from the 70's, punk covers from the 80's, but also old tales and weird myths of popular culture. Fantasy and coldsweat, his painting is a true translation of his feelings.
